WORK EXPERIENCE

Frontend Developer
Ranglerz

08/2024 - Present   *Lahore, Pakistan*
Software Company

Role
- I am currently working as a Frontend Developer at Ranglerz, where I specialize in building and maintaining dynamic, user-focused web applications using React.js and Next.js. My role involves creating responsive interfaces, optimizing performance, and collaborating with teams to deliver scalable and efficient solutions.

Frontend Internee
Zoom IT Solutions

11/2023 - 02/2024   *Lahore, Pakistan*
Software Company

Role
- I began my journey as a React.js Intern, where I honed my skills in developing interactive and responsive web applications. During this time, I gained hands-on experience in implementing modern frontend technologies, collaborating with teams, and contributing to real-world projects, laying a strong foundation for my career in web development.

EDUCATION

BSCS
Virtual University

Courses
- Computer Sciences, Maths, Physics

SKILLS

Bootstrap   Css   Frontend Web Developer   Html   Javascript   Next Js   React Js   Tailwind CSS

PERSONAL PROJECTS

Macromed (09/2024 - Present)
- E-commerce website which is designed to sell surgical instruments using React.js, Bootstrap, and Redux Toolkit. It supports multiple variants for each product, ensuring users can easily select specific models or configurations. Features include dynamic product management, responsive design, and advanced state handling for cart and wishlist functionality. The platform is tailored to manage complex product options and provide a seamless shopping experience while maintaining scalability and performance.

Sages Wedlock (08/2024 - 12/2024)
- This matchmaking platform connects users based on their profession and education, providing tailored suggestions to enhance compatibility. My role involved UI corrections to improve user experience, seamless API integrations to ensure reliable data exchange, and refining the overall interface for a polished and user-friendly design. The platform focuses on delivering personalized and meaningful connections.
